The District will offer a $1000 stipend to math cohort members. The math cohort members will assist with the implementation of research and implementation of improving math teaching.

Math Cohort Members must:

- Be an interested 3rd-8th grade Math teacher
- Be willing to provide guidance and support to grade level colleagues
- Provide support to the site principals

Math Cohort Members will:

- Help facilitate three after school district wide collaborations (60 minutes each) to support grade level colleagues in the collaboration of best practices in teaching math.
- Help facilitate staff development for EESD teachers during Buy Back Days and Staff Development days.
- Receive training and participate in 3 rounds of lesson study each year with the District Math Coach – one each trimester.
- Participate in 4 summer training days- one day before school starts in 2019, one day after school ends in 2020, one day before school starts in 2020 and one day after school ends in 2021. In addition to the stipend, teachers will be paid separately for participation in summer staff development/training days per the collective bargaining agreement.
- Open their classroom for possible pre-arranged observations

The Math Cohort Member commitment is a two-year commitment for the 2019/20 and 2020/21 school years only.

If you are interested in the above position(s), please return this form to Meagan Hawley-Stone in the Human Resources Department. This posting will close and must be received by the Human Resource Department at the District Office by 3:00 p.m. on May14, 2019.

☐ I am interested in being a math cohort member for the 2019/20 and 2020/21 school years and am willing to make the time commitment as detailed above.
